Our FREE program is open to all Lewis & Clark families. Students are provided with multiple tools to help them grow and develop, along with increasing their academic, leadership, and social skills. Each student is provided a hot meal while attending our program.

At the end of every eight-week session, we celebrate with Family Night. This is a time for Trailblazers families to attend field trips at no cost. Family Nights have included Vala’s Pumpkin Patch, Sky Zone, The Mark Bowling, and many more.
